

SURREY SCOUT

JANUARY, 1978

No. 369

County Commissioner

As we start on a new year, I am glad to announce two new appointments to the County Team. Both should enable the County to give a better back-up service to Districts and Groups.

First, Ian Phillpot, a former District Commissioner for Staines, has agreed to take on the appointment of Assistant County Commissioner (Activities). Up to now we have had just two specialist activity advisers on the Team, Sam Smart, A.C.C. (Air Activities) and John Forbat, A.C.C. (Water Activities). Both are well known in the County and are ready to help and advise on any aspect of the activities for which they are responsible. In addition of course, Sam Smart is also Chairman of the Surrey Venture Scout Rifle Club.

We have other specialist activity advisers in the County e.g. for expeditions, extension, film making, forestry and conservation, gliding, mountaineering, as well as shooting. Their names and addresses are in the County directory. Part of Ian's job will be to research other activities suitable for Cub Scouts, Scouts and Venture Scouts, and to give publicity to what is available and where expert advice, help, resource material and equipment can be obtained. Many of these activities will be covered by the proficiency, pursuit and service badges now available for Cub Scouts and Scouts and these, when followed up in more depth, should also be valuable for Venture Scouts tackling the Venture Award and the Queen's Scout Award.

Not only are there a wide range of active outdoor pursuits to be explored more fully, but an equally wide range of cultural pursuits which would be of considerable interest to many of our young people. As Ian gradually settles into his appointment, I am sure that we shall see new activities becoming

available — maybe some which could be pursued jointly with our sister Movement.

The second appointment is that of a County Quartermaster. Vic Viner, a former District Commissioner for Dorking, has kindly agreed to undertake this responsibility. Over the years we have acquired quite a bit of County-owned equipment which Vic will now look after. Suitable storage facilities are being sought in the Dorking area, which is a good centre for the County. Then, details of the equipment will be published in "Surrey Scout" with particulars of how it can be borrowed by Districts and Groups.

As we start this New Year, I would invite all readers of "Surrey Scout" to join me in making the following New Year Resolutions. Our aim should be to do everything possible during the year ahead to ensure that in our County of Surrey:-

- a) Scouting continues to expand, having due regard to the principles of Scoutreach, by extending into areas and situations where Scouting has not hitherto been available.
- b) Scouting achieves a higher standard than ever before — especially in training achievements and camping skills.
- c) Scouting is more and more outward-looking in developing relationships with other youth organisations and in seizing opportunities of serving the public.
- d) Scouting measures up in full to the aims of the Association.
- e) Scouting continues to be adventurous and exciting!

Have a good year.

GORDON BATES

Cub Scouts

I send New Year Greetings to all in Surrey — may the year ahead be satisfying to us all and may our Scouting Plans work always to the benefit of the boys we lead.

Developed Arrow Programme

Discussions continue all around the County — some have implemented the scheme with success — others have reservations — others are still waiting to see how things are working out before starting! Whatever your views I am anxious that they be made known at Headquarters and will have an opportunity to put these views forward at the National A.C.C. (Cub Scout) Conference on April 8th/9th, 1978. So that I can put forward **YOUR** views can I please ask all Leaders who have made a start to let me have a brief report giving your views, listing the advantages, disadvantages and areas where you need help by March 1st. Please make your views known — don't leave it to others!

The Training Team share the concern already expressed by many at the lack of material supplied by Gilwell for use on courses that is relevant to the

Developed Scheme. A joint Surrey/G.L.S.W. approach has been made and meanwhile we are now working on our own ideas and hope to mount in the Spring a series of 'Pilot' Courses for Leaders in both Counties. These will be one day events and full details will be given to A.D.C.s at the next meeting of the County Cub Scout Sub-Committee on Feb. 7th.

A.D.C. (Cub Scout) — Training Weekend

Would all A.D.C.s (Cub Scout) please reserve the weekend of October 7th/8th, 1978 — it is planned to hold a joint training weekend with G.L.S.W. Bentley Copse. Full details will follow later in the year but please book the dates now.

DEREK BASSETT

Cub Scout Sub-Committee Meeting

Please note that the next meeting of the Cub Scout Sub-Committee will be held at Leatherhead on Tuesday, February 7th 1978. The Minutes and Agenda will be distributed with the February edition of "Surrey Scout".

SHEILA SANDFORD

Who are 'They'?

"THEY" are usually a body which exercises influence or determine policy and could at any time be the Government — Police — our Employer — the Local Authority — the Church — Men — Women — or even, as in this case Scout Headquarters. But is this particular "THEY" as autocratic or intransigent as some of us try to suggest? Are "THEY" out of touch? If so who is really to blame?

Every County has one representative per 10,000 membership or part membership on the Council of the Scout Association — Surrey has two representatives who are Frank Fentiman (Deputy C.C.) and Doug Bennett (County Treasurer). This Council elects its "Executive Committee" known as the Committee of the Council, and this is the body responsible for managing the business of the Scout Association. To help it in this work, it appoints three Sub-Committees — Programme & Training, Finance and General Purposes. In turn, these Sub-Committees are advised by certain Headquarters Boards. The Programme & Training Sub-Committee is advised by Boards each of which have representatives from each

region of the Country whose job is to pass ideas, suggestions and grumbles (in that order) from Districts and Counties to the Boards and to act as a contact person within the section, for Activities or Adult Leader Training, to help with research and provide the link in the two-way communication.

Board members are available to Districts for Leader Meetings, Conferences, Training Sessions or to visit large or unusual events (they appreciate help with travelling expenses). **ARE YOU IN TOUCH WITH YOUR BOARD REPRESENTATIVE? ?**

Cub Scout Board

Mrs. Jennifer Adams; Waterside, Crowborough Hill, Crowborough, East Sussex.

Scout Board

Derek Barker; 3 Oriental Close, Woking, Surrey.

Venture Scout Board

Bruce Wood; 36 Sole Farm Road, Great Bookham, Surrey.

Adult Leader Training Board

John Charman; 53 The Avenue, Gravesend, Kent.

PETER LANKESTER

Leader Training

Welcome to 1978 and congratulations to those who have made a New Year resolution to attend a training course this year either as part of their formal training requirement or as a means of updating their knowledge of the skills of the section in which they operate so that the boys can benefit from their leadership. Those who seek Basic courses should act immediately as the majority of County courses take place from January to March and courses to date have been fully subscribed — don't lose your chance on those remaining. Details and course leaders names are below — use them.

Also set out below are details of Advanced courses offered by the County Training Team in 1978. It will be seen that we are offering an additional Scout Leader course in the autumn but this will be dependent on sufficient support being indicated well beforehand. Leaders interested in either course should contact Roy Wood as soon as possible. Dates for a further Cub Scout Advanced course in the G.L.S.W. area will be announced shortly together with more precise dates for the V.S.L., G.S.L. and Commissioner Advanced Courses.

Leaders interested in the County Pack Holiday Course at Bentley should contact Mrs. Winnie Viner soon if they require a place, but remember that District courses can also be arranged. To assist Leaders the County Training Team is planning a number of one day training opportunities relating to the introduction of the Developed Arrow Scheme in the Pack programme — see Derek Bassett's notes under "Cub Scouts".

Finance

One of the problems encountered by many Treasurers is that they do not always know what is going on. Some Group Treasurers, for example, do not receive "Surrey Scout" or District Newsletters and are looked upon as 'the money-bags'. Some are coerced into the job without knowing or being told what is involved as 'Treasurer' - 'just keep a note of the cheques and the receipts' - 'do as the previous Treasurer did' - 'I think that this is the Cash Book', are typical comments at the start of someone's job as Treasurer.

So the poor Treasurer takes office, often without a clue as to what is really expected and without any idea as to whom to talk to, to discuss the job. Most people take on a job with a wish to be successful at it and are anxious to do it properly. Some new Treasurers will know what is required, many will not. And

the person who will help? - The District Treasurer is the best person. And who will help the new District Treasurer? The County Treasurer will be the person who should be approached.

Finances are vital to Scouts. Properly handled, all that hard-earned money can be used to the best advantage, and can be made to grow until it is used. Badly handled and all that hard-earned money goes straight down the drain.

I do commend that all Districts have regular get-togethers of Group Treasurers with the District Treasurer - once or twice a year - to discuss problems and iron out difficulties. And small Districts - what about combining two Districts together? Why not invite a local Bank Manager to talk about different types of accounts. Could be quite interesting . . .

DOUG. BENNETT

15th World Jamboree—Iran 1979

The 15th World Jamboree promises to be an interesting and memorable occasion. Dr. Hosein Banai, Chief Commissioner of Iranian Scouting has labelled it 'A Jamboree with a Difference', and Scouts all over the world are invited to travel to the Omar Khayyam Scout Camp near Neishaboor in North East Iran (about 2,500 acres). There are permanent installations of electricity, water, telephones, and it has a sports complex, swimming pools, boating and fishing lakes.

But what is the difference?

The theme of the Jamboree is 'Cultural Development' and Scouts of all countries are asked to go prepared to share all that is best in their national cultures. The following are given as examples:- folk songs and dances, handicrafts, national traditions, poetry, paintings and sculptures, short stories, proverbs, food recipes, children's games.

I hope the following notes will help all of you who may have the task of assisting with the selection of the 4 Leaders, 36 Scouts and Venture Scouts who will form the Surrey County Troop.

1. Dates of the Jamboree Camp are 15th-23rd July 1979. The U.K. contingent will probably be away from this country from 13th to 29th July, 1979.
2. Cost = £350-£400 per person (provisional).
3. Qualifications.
 - (a) Scouts and Venture Scouts must
 - (i) have attained the age of 14 and must be below the age of 18 on 15th July, 1979

(i.e. birthdates must be between 16th July 1961 and 15th July 1965);

- (ii) have achieved **Advanced Scout Standard** by the time of departure;
- (iii) have a high standard of camping experience;
- (iv) be physically and mentally fit.

Note: The weather in July is hot and dry, with a strong sun during the day, cold at night. Heavy rain showers not unusual. The countryside is dry and arid.

- (b) Leaders must
 - (i) be over 18 years of age (ideally 35-40 years) and trained to **Basic Course** level;
 - (ii) be physically and mentally fit and capable of forming, training, and leading a Patrol of Scouts and Venture Scouts.

4. There will be no home hospitality but plans are being made to have a tour of places of interest in Iran.

5. The U.K. contingent will comprise of several Troops. Each Troop will consist of 4 Leaders and 36 Scouts/Venture Scouts (5 Patrols of 7 Scouts each plus a Junior Assistant Leader) which will give the opportunity for the deserving Venture Scout who, by virtue of his date of birth, does not qualify as a Venture Scout participant, and yet within our Association is not an Adult Leader.

RAY SABIN

County Chaplain

Anyone who completely keeps the Scout Law and lives up to the Promise all the time is a pretty wonderful chap!

The trouble is that some of us kid ourselves that we match up to the standard when we don't, and others don't take it very seriously because we feel it's beyond us. So what are we to do?

If we approach our Law and Promise without thinking, they are little more than an average standard of decency to which most people conform. And there's not much point in having them if they demand no more than we shall achieve in any case.

But if we stop and think about them for ourselves — and discuss them from time to time with other members of our Group — they begin to look different.

For example, let's ask ourselves occasionally what it has meant to be loyal, to be trusted, or to be considerate in particular situations on a particular day. And go through the rest of the Law as well. Neither Law nor Promise is a dead platitude seen in that way, and we're not half as faithful to the idealism of Scouting as we had supposed!

But don't let's despair and say that it's all beyond us! Any worthwhile organisation has its standards and those of Scouting help us to be more mature as people and to contribute more to others. We shall not always succeed but it's far better to have a high target and sometimes fail than to have no target at all and just drift along.

Don't let's be satisfied unless we have done everything well, but don't let's despair because we can't do it all perfectly.

MICHAEL MEECH.

Venture Scouts

Every Easter the Ashley (Epsom) Joint Unit hold an expedition on Dartmoor over the holiday weekend for Venture Scouts and Ranger Guides within the Unit together with ex-members, Scout fellowship members and older Scouts from the district.

All expedition members travel down on the Thursday by car and coach to rendezvous south of Princetown at a plantation site by kind permission of the Duchy of Cornwall.

Various projects are undertaken by teams of four including Venture award hikes, overnight hikes and day hikes from base camp for the younger members to introduce them to the vagaries of the Moor. Wives and children are booked into the Plume of Feather PH for bed and breakfast and the fact that they become residents enables the expedition Leaders to extend drinking-up time by a few minutes.

At the end of the various hikes all teams rendezvous at a camp site on the south west of the Moor by arrangement with a Plymouth Scout Group — the site being conveniently situated for Plymouth coach station. Prior to striking camp any appropriate ceremonies are held, such as presentation of Dartmoor scarves for successful hikes, advancement of Scouts into the Unit, etc.

It is felt that this type of training expedition which very quickly becomes a tradition, is ideal for both elementary and advanced instruction together with obvious public relations benefits with the feeder Groups. We shall be pleased to advise any Unit which is interested in the scheme.

TERRY MAGGS

There is NO Excuse

"The building is said to be worth between £6,000 and £7,000 but was under-insured and will only realise £1,400 The Scouts had been striving for a home of their own ever since the Group was formed in 1969 They held raffles and organised fund raising events until the day in 1973 when their ambition was realised and the hut was opened . . . the construction work was done by volunteers . . . the hut was an old Army structure obtained through a member of the Group . . . how can you put a value on the sweat of four years' voluntary work?"

The above extracts are from a recent press clipping, reporting a blaze at a Scout Headquarters — a tragic state of affairs which is being repeated month after month.

Of course, it could not happen in this County; after all in November 1974 a comprehensive article was published in "Surrey Scout" detailing calculations of 'insurable value' and pointing out that Scout

Property is not owned by a Committee but by Trustees and if such property is lost by fire, flood, burglary etc. some very awkward questions could be asked The County Treasurer has emphasised that insurance must be adequate at various District Meetings to which he has been invited and this subject has been discussed at every meeting of District Officials in the County.

Of course, it could not happen to YOU because you are in this County and this could not happen in this County. **OR COULD IT? OR DID IT? YES IT DID.** And it could happen again — **TO YOU.** And if you are under-insured it's not just "tragic" it's criminal. Check your cover **NOW.** Don't leave it until tomorrow — that's what the (censored) Group in (censored) District in Surrey did. If you want advice — County Secretary, County Treasurer or Insurance Dept. Scout Headquarters will be delighted to help you . . . **NOW.**
