

CONGRATULATIONS to Derek Harding on the completion of his advanced training and on the award of the Wood Badge.

THE D.C.'s BIT

Christmas being a special opportunity for family unity and spiritual reflection I hope we will all be able to relax our Scouting, at least for a few days. Very best wishes to you all for a super holiday.

THE NEWSLETTER

The next Newsletter will be a bit late, unless someone else likes to produce it, as the D.C. will be on holiday end of December and beginning of January.

DEVELOPMENT

Several members have suggested various ingredients they would like to see in the District Development Plan. These are currently being considered by a small committee and the District Team and it is hoped a plan for 86/87 can be published in January. There is still time to accept new ideas, so if you have any, please contact the D.C.

P.O.R.

There is a new one and G.S.L.'s have received a free copy. Groups should now provide copies for their Leaders and Administrators. It really should be consulted a great deal at this stage as quite a lot has changed. We have a tremendous responsibility to parents and members to act in accordance with P.O.R. and our personal liability insurance cover is dependent on our doing so.

COUNTY COMMISSIONER'S APPEAL

The C.C. has appealed for £2,000 from the County in order to fund a poster campaign to promote Scouting for the handicapped. This is about 10p a member. Our District Scout Fellowship has generously responded. If Groups can make a contribution, please send to Gordon Travis, payable East Surrey District Scout Council and we can send off a block amount to the appropriate chap in due course.

FINANCE 86/87

The District Executive has ratified a budget for 86/87 to a projected deficit of c.£400. This makes a small provision for some of the costs which might be inherent in the Development Plan, although we would hope in this respect to gain a degree of sponsorship. The capitation proposed is therefore as follows:

Headquarters	£5.00	
County	1.00	
District	1.50	Total £7.50
Beavers:		
Headquarters	1.00	
County	.10	
District	.50	Total £1.60

FORTHCOMING EVENTS

As much planning is currently taking place, please see November newsletter for dates where known. Every attempt will be made to bring the projection up to date in the January issue.

LITTLE RED RIDING HOOD

16/17 and twice on the 18th JAN

This is a marvellous opportunity for a Section or Group outing.

Apart from the capitation, it is also one of the few sources of District income.

Comparitively few Groups attend, so please see what you can do about it this year.

Bookings: Alan Osborn, Smallfield
3489

RACE MEETING & SOCIAL EVENING for 18's and over.

Hurst Green Community Centre on
Saturday 19th April

Marvellous opportunity to meet other Scouting adults in relaxed and exciting atmosphere.

Please try to support.

Further details to be announced

Way, Oxted (4532)

RECENT EVENTSPL/APL TRAINING WEEKEND.

I was invited to lunch and to do a training spot at this event, which I must say I thoroughly enjoyed.

On a previous occasion, when introducing the new training scheme, I met most of our PL's and it seems to me they have matured quite a bit since then. There must have been some sound development work done on them in the Troops.

I was a bit surprised that out of 30 odd boys, none had heard of Gilwell, but that gives me an idea which I will mention in a moment.

A very good weekend, I hope all Troop Leaders will find the results interesting and the P.L.C.'s more effective.

I would like to thank Derek Harding for all his organisation and both he and I would like to thank the guests, the leaders who participated, the Orion Unit who catered and the boys for taking part.

Brian and Derek.

CUBS HIKE/TRAILING - at Broadstone.

The weather has not been too kind for recent events but this apparently did nothing to dampen the enthusiasm of about 120 cubs who took part.

It's super how the dads enjoy these things almost as much, perhaps more. It can't just be that it gets them out of the D.I.Y. - can it?

How about a Pack Meeting for dads - stick them in sixes for 90 minutes and really find out what their hidden talents are?

Anyway, Mary says thanks once again to all the big boys who helped.

THE VENTURE SCOUT COUNTY EVENT

We had some lads and lassies take part - up, down and around the Surrey hills in torrential rain. It is being said that many of them would have liked to have gone round the course twice.

Well done.

AS SEEN BY AN S.P.L.

We are now six months into the new badge scheme. Lots of changes have been made and there were bound to be teething problems.

Prior to the changeover, our P.L.C. were very worried as to whether the scheme would work. From the first pieces of information we received, it looked like a full time job for our P.L.'s to help their Scouts earn the badges. After two or three weeks of the scheme being in operation we were proved most definitely wrong.

This was because in our weekly P.L.C. I, as S.P.L., have not received any complaints about too much hard work. The scheme must also be interesting as we have had no loss of Scouts through boredom. Another good point is that it has made the S.P.L.'s job much more interesting because in my Troop I got much more involved in the training for and the passing of the new badges.

I would recommend any older Scouts to try to attain the Chief Scout's Challenge as I found Hiking across the South Downs a very pleasurable experience and the planning of the expedition very informative and interesting.

Simon Scarboro (S.P.L.)

WHAT ABOUT GILWELL THEN?

I had the pleasure recently of being on a super course, at Gilwell and can suggest worse ways of having a Group Day than going there.

I also saw a very funny and informative video about Scouting from its earliest days. This is available for a modest amount and would entertain both parents and boys alike.

If you would like me to get a copy for the District that you can borrow - please say so.

Brian.

THE FELLOWSHIP have been reviewing some of the skills they have and would like to share. Say - Angler, Backwoodsman, Cook, Communicator, Craftsman, Fireman, Mechanic, Naturalist, Photographer, Pioneer, Secretary and all this is for Section Leaders to take advantage of, free of charge.
