

CUB SCOUT NEWS

The last cub section news was in June; so much as happened since then I really don't know where to start!

During July the cubs manned a 'Mutti Fruiti' Tombola stall at the NSPCA fete and took part in a District Hike at Broadstone Warren which ended in a camp fire. At the end of this activity three of our Senior cubs Neil, Anthony and Keith were presented with their link badges. We also held an annual Inter Six Swimming Gala at St. Stephens school. This year Red six, captained by Neil, won the trophy with Grey six a close second.

The beginning of August saw our annual Rounders Match against the Godstone Pack while this year we won on our 'home' ground.

On August 12th 16 cubs plus one guest cub from the Gloucester Pack i.e. Martyn, departed to the wilds of South Park on the Lagham Cubs Safari camp. This year the weather man smiled on us because it must have been one of the best camps ever for weather. Saturday was the high-light of the camp when all the cubs went to Tonbridge, firstly swimming in the swimming pool then canoeing on the river with Coxen. We returned to a camp fire in the evening at which it is estimated that some 60 persons were present! The Cubs were divided into four patrols for the camp and as is customary there was a competition to see who was the best patrol. This year the Panthers beat off a very good challenge from the Tigers to scrape home - the patrol, were as follows:-

Anthony Wiseman
Stephen Nixon
Andrew Hegg
William Roffey

A Prelude to Eire 1981

De Lucy Venture Unit

Its only a matter of days until the Venture Unit set off for sunny pastures of County Wexford, Eire.

This is my first attempt at running a full scale expedition abroad. Looking back on those weeks of preperation and planning I'm still amazed how things are finally coming together as they are. Still for those readers of this magazine that don't know of our plans, let me endeavour to enlighten you.

Having visited Wexford County in May, a fleeting visit I may add, one realizes what a great country it is for cycling. Quiet country lanes, pleasant scenery and such friendship from the locals it's quite unequalled.

Our plans are to hire the bikes from Wexford and in small groups cycle N.W to a fantastic historical town called Enniscorthy. We are camping on a farm for a few nights, and after scouring the local countryside we shall move south to the coast to Fetland on Sea. Empty sandy beaches, and some of the best sea fishing in the world are ours to try.

Local places of interest are Waterford Glass Works, J. F. Kennedy Wild Life Reserve and of course the peninsula we are camping on is known as the Hook, just east of the site is a river called 'River Crook'. Cromwell on his invasion of Eire was heard to have said "We shall land by Hook or by Crook" hence the saying.

Still I'm getting carried away, I'll tell you more about Eire in October Edition of this great magazine. I must thank Celia Brown and Clare Harper for the good job they are doing.

By the way I don't suppose anyone would have an old pressure cooker they could lend us for the expedition, it would be great if you could.

If anyone wants to see us off on our way, we leave for Pembroke Dock at 03.00 hrs Saturday 22nd August 1981!!!!

See you there: A
Andy Bush C.V.S.L.

Due to Celia Brown being voted Unit Secretary Nichols
Chippington has willingly stepped in to help out with the
