services on the day. The only trouble is that we now have to furnish these stalls with appropriate goods. We were all very disappointed with the appeal for green or yellow goods. Only a handful of items were collected plus 20p towards the central fund.

I realise that demands are made on us from all directions these days and parents' generosity is stretched to its limits. As a parent of three children myself I, too, receive my fair quota of letters (often rescued from their pockets after their trousers have done the usual cycle in the washing machine!) and it is difficult always to respond. I remember, as a child, when there were the inevitable charity collections at school, my mother always gave us 1d each to hand in. I felt embarrassed, but she always replied 'If everybody in the country gave 1d, thousands of pounds would be collected' You know, she was right!

We are trying to make this Event an occasion to remember, and we are sorry to have to lumber you with yet another request but we need your support. During the week commencing 6th July we shall be asking for any bottles and finally from the 20th July - Any prizes - Remember, if you would rather give, say 20p this will be gratefully received and will be used to purchase the items needed. Please send whatever you can to the Cub and Scout Meetings or direct to Mrs. J^o Prescott - 34, Hunters Chase (S.G. 2336). I am sure we can rely on you. Thank you in anticipation.
