CUB SECTION

Football - On 1st February the pack played a League match against Hedgecourt Pack. The game was closer than the final score, a 4-1 defeat for Lagham. Wayne Maclean was our goalscorer and his brother Jason turned in a fine performance to earn himself the 'man of the match' award.

On 8th February, the Pack gained its second league victory of the season by beating Lingfield Apollo by two goals to nil. It was a mystery how we only managed to score two goals but all credit to the Lingfield Packs defence. Our goal scorers were Wayne his 13th of the season - and Stephen Nixon.

Progress badges - Bronze Arrows have been awarded to Stephen Nixon, Kevin Rhodes and Jeremy Upton.

District Quiz - On 2nd February our team of Neil Roffey, Anthony Wiseman, Andrew Legg, Christopher Rebbeck, William Roffey and Jason Maclean took part in the first round of the Cub Scout District Quiz against Godstone Cubs. They gave a good account of themselves but narrowly lost by three points - best of luck to Godstone in the next round.

Leaders - On 23rd February 'Hathi' (Jill Burchett) received her warrant as an assistant Cub Scout Leader from the District Commissioner. Mandy Prescott has now become known as 'Rikki'.

Change of Date - On the latest diary of Events issued to Cubs and Cub Parents it was put down that a church parade would be held on March 22nd. Would you please note that this will now be held on the following Sunday March 29th to coincide with the Mothers Day service at the Church.

CUBS VISIT TO GODSTONE FIRE STATION

On 9th February the Pack night was very different. We all went to Oxted Fire Station but unfortunately there was no one there when we arrived so we went to Godstone Fire Station instead.

We were split into two groups and the men very kindly showed us around.

Our group first went to the mess room where they had darts, T°V° and a kitchen. Next we went to see the fire engine. We had already noticed that all the doors opened towards the fire engine and a man turned on the horns and we all had to cover our ears because the noise was so loud. Last continued:-

Cont'd

of all we took it in turns to slide down the fire pole from the mess room.

We thanked all of them by having a big 'BRAVO' and then we came home in jaws.

Along with the flight of about twenty minutes duration is a pre-flight briefing explanation of how the aircraft works, demonstration of controls in flight and features of an airfield.

The cost is £4.50 per person. Would interested Scouts, Venture Scouts and Leaders place their names on the list provided on the Scout Section Notice Board before March 30th.

FROM THE UNIT°

Well since the Unit were so bad at the highway code we made a visit to the Police Traffic Control Centre at Godstone and had a most interesting evening with the

law. Kay Poulton gave a talk on hairdressing at a recent meeting, sadly I couldn't be there but clearly the message is 'hang on to your hair'. Would you believe that some of our Unit actually managed to meet at 7am a couple of weeks ago on a Sunday to go swimming! The trouble is us leaders have to get up at that time too. We hosted the Venture Scouts of East Surrey one Unit meeting at a film show of 'All Gods Children', the film was about 'extension Scouting' or for the unintrated disabled scouts, this is out lead up to work that the Unit will undertake during the year of the disabled person.

Now the nice side of being a leader - is there one I hear you say - as part of their award requirements I tasked Janet Greenhead and Fiona Manning with giving a dinner party for the Executive and Leaders - I ain't stupid!? This took place on 21st February.

On the 7th March I shall have the privilage of attending the presentation of Queens Scout Certificates at a reception in London for Huw Morgan, Nick McVitty, Jill Burchett and Daphne Cook.

I shall also be representing Delucy VSU at a Thanks-giving service for the life of Lord Amory at St Pauls Cathedral on the 10th March. Apart from the service he rendered Scouting in his Native Tiverton, he also began a Sail Training Scheme named the London Sailing Project, which has benefited past members of our Unit and which we hope will benefit six members of our current Unit during 1981.

This month we welcome Maddy Humphrey to the Unit which again leaves looking for yet more fellas.

Next month we'll explain why we are called 'Delucy' Venture Scouts - apart from other things..?...

VISIT TO THE POLICE TRAFFIC CONTROL CENTRE

One foggy Thursday night, the Unit went to visit the Traffic control centre at Godstone - the fools didn't know what they were letting themselves in for. We started the evening with a nice (agh) talk on various types of accidents caused by thoughtless driving most of which were fatal. We were also shown the nasty 'Hitler' machines which show what speed we travel at and therefore, what nice charges they can lay on you. After the talk they let us loose on a motor bike and a car. These among others tells us that we should never try to outrun a police vehicle as you wouldn't make it, unless we were in a porsche or Ferrari.

All in all we had a most enjoyable and intersting evening.

continuation of the story of the Lambton Worm
as told at the Gangshow by (Chil) Hazle Rebbeck

The news of this most dreadful worm and it's queer gannils on, soon crossed the seas and reached the ears of brave Sir John, back hurried young Lambton and took the advice of the wise women of Chester le Street and had a suit of armour made of razor blades. Then armed with a spear he attack the worm. All want according to plan the worm was speared and lapped itself round Sir John and was cut to pieces by the blades. All would have been well had Lambton carried out the instructions of the wise women that he was to kill a human being afterwards. Allended well and the song was sung at the Gangshow 1980.
